

# Homework Submission Guidelines

- Please submit your homework in pdf form in Gradescope ([www.gradescope.com](http://www.gradescope.com)). Make sure to follow the instructions at Gradescope. The homework can be either typeset and converted to pdf, or it can be handwritten and scanned to pdf. In the case of handwritten homework make sure that the writing and the image are clearly legible.
- Please identify yourself at the top of the first page. Write your full name and your UNI.

This will make it easier for the TAs to grade the homeworks and ensure that everything gets recorded properly.

Homeworks are due on the specified due date and time. Even 1 minute late counts as a day late, and it is possible that there may be last minute problems with the scanner, the server, the network connection etc., hence please submit your homework well in advance.

Please refer to the course information page for the policies regarding late homeworks and collaboration, and the academic honesty policies. Make sure that you observe these policies.
